A Century of Scottish Astronomy (1894–1994) and Future Perspectives, *R.W.Hilditch* 11
A Reintroduction of Epicycles: Newton's 1702 Lunar Theory and Halley's Saros Correction, *N.Kollerstrom* 357
A Survey of Women in Astronomy and Geophysics, *Y.Elsworth* 1
Address of the President on the Presentation of the Gold Medal to Professor T.R.Kaiser on Monday 1994 July 11 81
A New Look at the Aubrey Circle, *T.H.Kirk* 275
An Incomplete Citation, *J.W.Gale* 77
Asteroids and Photometry, *A.T.Young* 75
Astronomers and Missionaries in Old Beijing, *P.A.L.Chapman-Rietschi* 273
Astronomy on Oracle Bone Inscriptions, *Xu Zhen-tao, F.R.Stephenson & Jiang Yao-tiao* 397

Beech, M., Brown, P. & Jones, J., The Potential Danger to Space Platforms from Meteor Storm Activity 127
Beech, M., & Steel, D., On the Definition of the Term 'Meteoroid' 281
Branham, R.L., Jr., Sites for Fundamental Astrometry: Are High Latitudes Best? 351
Brück, M.T., Lady Computers at Greenwich in the Early 1890s 83

Chapman, A., The Astronomical Work of Thomas Harriot (1560–1621) 97
Chapman-Rietschi, P.A.L., Astronomers and Missionaries in Old Beijing 273
Chapman-Rietschi, P.A.L., The Colour of Sirius in Ancient Times 337
Complementary Approaches to Cosmology: Relating Theory and Observations, *D.R.Matravers, G.F.R.Ellis & W.R.Stoeger* 29
Crawford, I.A., Some Thoughts on the Implications of Faster-Than-Light Interstellar Space Travel 205

Electronic Publishing: The issues and ways forward, *K.Whaler* 407
Elsworth, Y., A Survey of Women in Astronomy and Geophysics 1

Fellgett, P.B., Reply to a Letter by McCrea 73

Gale, J.W., An Incomplete Citation 77

Harrison, E.R., The Natural Selection of Universes Containing Intelligent Life 193
Hilditch, R.W., A Century of Scottish Astronomy (1894–1994) and Future Perspectives 11

Kak, S.C., The Astronomy of the Age of Geometric Altars 385
Kirk, T.H., A New Look at the Aubrey Circle 275
Kollerstrom, N., A Reintroduction of Epicycles: Newton's 1702 Lunar Theory and Halley's Saros Correction 357

Lady Computers at Greenwich in the Early 1890s, *M.T.Brück* 83
Lewis, J.S., Planetary Resources for Extraterrestrial Technology 445
Loewinger, Y., Some Comments on the Article of Dr B.E. Schaefer, "Visibility of the Lunar Crescent" QJRAS (1988), 29, 511–523 and Related Papers by The Author *et al.* 449
